

Friday 11th November to Sunday 13th November 2011

A preparation course for the CICM Fellowship examination

Are you planning to sit the CICM Part II examination within the next two years?
Then this course is ideal for you.

We teach exam preparation and technique, with a focus on clinical examination skills using a range of formats from lectures and tutorials to mock exams.

Preliminary Program :

- Lectures including
 - ⇒ exam technique for written, vivas & hot cases
 - ⇒ psychological preparation for the fellowship exam
- Small group psychologist sessions
- Viva sessions including communication and interactive stations
- Physical examination tutorials
- Hot case technique tutorials
- Hot cases across the two hospital campuses

Registration form :
