What is it?

A weekly course to prepare for the clinical part of the Fellowship Exam by practicing hot cases and vivas.

Who are we?

The Course is organised and run by all major ICUs in Sydney.

Who is it meant for?

It is meant to be a "polishing course" for those about to sit the Exam in the next few months. However, observers may be allowed in some sessions.

What can it give me?

It will give a finishing touch to your examination and presentation skills.

What it is NOT going to do?

It will not make you accumulate the knowledge to pass the exam nor does it replace preparation on a local level.

What does it cost?

It is a free offer by all intensivists involved. It however requires the candidates to stick to certain rules. Every successful candidate will also be asked to help running the course for the next 3 years.
