8TH SYDNEY SHORT COURSE IN INTENSIVE CARE MEDICINE

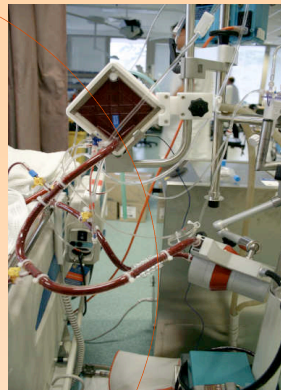

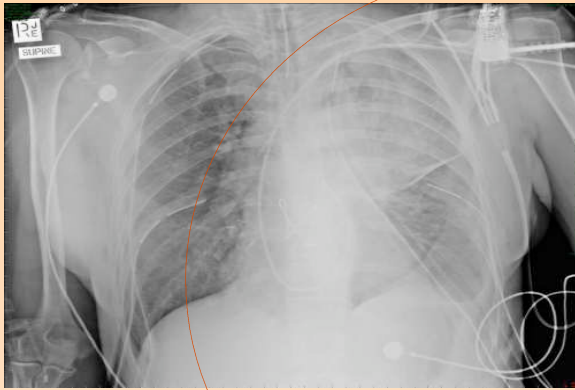

21 June - 23 June 2011

Incorporating the

6TH SYDNEY WRITTEN COURSE

24 June 2011

Sydney Short Course in Intensive Care Medicine (SSCICM)

What does the SSCICM offer?

This short course is a unique opportunity for trainees preparing for the CICM Fellowship exam. It has traditionally filled rapidly following the announcement of course dates.

The 8th SSCICM will be based at St Vincent's Hospital, with "hot case" sessions being held at other Sydney hospitals to provide adequate opportunities for candidates. Applicants will be allocated to various locations for this session.

Preference for placement in the course will be given to candidates who are about to sit their Fellowship exams. The course will be limited to 32 participants to allow for a strong candidate to instructor ratio.

Highlights of the course include paediatric topics, communication skills training, and focus on procedures relevant to Intensive Care. The course is not a 'cook-book' approach to exams and does not replace hard work & preparation, but offers an opportunity to sharpen skills & techniques.

For further information about the Short Course, please contact Dr Priya Nair on pnair@stvincents.com.au

Reply early to avoid disappointment!

Features of the Course

<i>Approaches to clinical exam</i>	<i>Effective communication skills</i>
<i>"Hot" cases</i>	<i>Imaging for the Intensivist</i>
<i>ABG & Biochemistry interpretation</i>	<i>ECG analysis</i>
<i>Paediatrics for the adult intensivist</i>	<i>ICU procedures</i>

And much more.....

Venue : St Vincent's Hospital

390 Victoria St, Darlinghurst NSW 2010

Course convenor 2011: Dr Priya Nair

The SSCICM owes its success to the generosity of many clinicians from Intensive Care Units across Sydney & NSW, who give their time & support in training future Intensivists.

Their willingness to participate is greatly appreciated and we thank them for their contribution.

What is ACCE?

ACCE is a not-for-profit organisation that was formed by a group of Intensivists in Sydney, to provide educational support for trainees in Critical Care.

6th Sydney Written Examination Course

This one day course will be held on Friday 24 June 2011 at St Vincent's Hospital, NSW following the SSCICM.

Written Course features:

- The only course in Australia that is specifically tailored to the CICM Fellowship exam
- Strategic approach to exam preparation
- Suggested approach to short answers, ECG, ABG, biochemistry
- Trial written exam in FCICM format, evaluated by examiners

Places for this course are unlimited. Candidates accepted into both courses will receive a discount on registration. Application for this course can also be made on this form, by selecting one or both courses for which to apply.

For further information about the Written Course, please contact Dr Arvind Rajamani via email on rrvind@yahoo.com
